

How to join the UtahCAP Yahoo group

From the Utah wing home page click on the “*Visit UtahCAP now*” link.

This brings up the Yahoo GROUPS page

There are two ways to join the UtahCAP Yahoo group:

1. If you already have a Yahoo Account – click on the “Join This Group!” button and sign in.
2. Otherwise click on the NEW User? “Register” link and fill out the registration information to obtain your User name and password.

Once you have registered you can sign in and “Join This Group!”

Web Master

How to post messages the easy way.

All,

I have had several requests on how to post more simply here to the group.

Simply compose an email from the account you have registered to receive messages from the group and then send to UtahCAP@yahoogroups.com

It will retain all your attachments and content as you would have emailed any other address.

Keep in mind again, it must be sent from the same address you submitted when you registered in order to work.

Respectfully,

Jason R. Hess, Capt., CAP
UTWG DCS/RESP, Director of IT
